Who is goodwe solar inverter manufacturer?

No. 90 Zijin Rd., New District, Suzhou, 215011, China GoodWe is a leading solar inverter manufacturer specializing in residential and commercial solar inverters ranging from 0.7kW to 250kW.

What is a goodwe et inverter?

The GoodWe ET series is a Three-Phase, high-voltage, energy storage inverter that provides enhanced energy independence and maximises self-consumption for reduced electricity bills, through an export limit feature and time-of-use shifts.

What types of solar inverters do goodwe offer?

Goodwe also specialises in hybrid string inverters which provide the ability to charge a battery as well as use solar power immediately as it's created. Micro-inverters, generally a more expensive solution, provide a small inverter for each solar panel that is installed.

What is a goodwe hybrid inverter?

The EH Series from GoodWe stands out for its exceptional capacity and broad MPPT voltage range, enhanced by a 33% DC oversizing capability. This series is unique in GoodWe's portfolio as it's exclusively designed for residential use and is their only Hybrid Inverter range.

Which inverter is best for a 6kW system?

It offers 33% DC oversizing and up to a max efficiency of 97.6%. The DNS Series is one of GoodWe's most popular models with residential customers as their most cost effective option for 6kW systems. The single phase inverter has options rated from 3kW to 5kW and features a maximum efficiency of 97.8%.
