How do I recharge my solarsaga explorer 1500?

Solar recharging steps: 1. Connect the first panel - find the "DC interface" on the back of SolarSaga 100 and plug it in solar power cable; 2. Connect the second panel - follow step 1; 3. Connect the solar panels and the solar power cable with the Explorer 1500's DC input.

Should I buy a Yeti 1500x & 100BC solar generator?

I bought Yeti 1500X + 100BC solar generator. It's very easy to use and love the portability. 100% charged Yeti 1500X was good enough for continuous plugging of my Alexa and other chargers for phones and iPad. But 100BC solar generator is not fast enough to charge. So, I am considering buy more of solar generators. Helpful?

Does explorer 1500 support solar charging?
