

Aluminum profile spraying photovoltaic bracket

Does aluminum alloy need aging heat treatment for solar photovoltaic brackets?

The commonly used aluminum alloy series for solar photovoltaic brackets need to undergo aging heat treatment to achieve the required strength. China Aluminum strictly controls the solution treatment and aging heat treatment process to ensure the required strength of the aluminum alloy brackets.

Do you need aluminum extrusions for a solar panel mounting system?

Whether you need aluminum extrusions for a solar panel mounting system or anodizing to protect against severe weather conditions, we can help provide a solution. Whether you are looking for aluminum angles, channels, frame, panel, or racking extrusions, Eagle Aluminum is uniquely able to provide all your aluminum extrusion and finishing solutions.

Does Chalco provide anodized aluminum profiles?

Chalco provides anodized aluminum profiles to further enhance the corrosion resistance of solar aluminum alloy frames. After the production of aluminum profiles, we will provide strict product quality inspection and precise product film pasting, packaging and transportation.

If you're searching for a special shape or custom aluminum extrusion for solar panel technology, Eagle's team of experts has the experience to create and engineer aluminum solar panel mounting rail and systems that help you gain a ...
