

# Buy solar panels to generate electricity for your own use

Is a DIY solar installation worth it?

Given a DIY solar installation will only save you 10%, the equipment alone can make hiring a solar installer worth it. Most homes with solar panel systems aren't "off-grid," even if they only use the electricity produced by their panels.

Why should you use solar energy to power your home?

Generating energy from the sun is free--using it to power your home can help protect you from rising energy costs. Generate, use, store and charge--all with one fully integrated clean energy ecosystem by Tesla. All of our products work together seamlessly, optimizing your energy usage and savings while minimizing your impact on the environment.

Where can I buy solar equipment?

Like wholesale resellers, Amazon is another way to purchase solar equipment directly. Many people commonly purchase solar panel kits from Amazon that include the majority of equipment necessary for getting a solar panel system up and running (i.e., wiring, solar panels, the inverter, etc.).

Should you lease or buy solar panels?

Leasing and buying solar panels come with their own unique advantages. Sunrun gives you the option to buy your solar panels. When you own your home solar system, you'll get all the solar benefits. This means solar incentives like state solar rebates, Solar Renewable Energy Credits (SRECs), and the federal solar tax credit will go directly to you.

How can solar power help you save money?

Power your home with emissions-free, renewable energy directly from the sun. You may qualify for federal, state and local tax incentives that can help cut your installation costs. Generating energy from the sun is free--using it to power your home can help protect you from rising energy costs.

Are DIY solar panels a good idea?

DIY solar panel systems are best for constructing small off-grid systems to power a cabin, RV, boat, tiny home, etc. Solar panel kits are relatively inexpensive and include all the necessary components for a DIY solar installation, but you get what you pay for.
