How can I hide a mirror in a bathroom?

To hide a mirror in a bathroom, consider using the stud cavity behind it for secret storage. You can install a mirror cabinet, like a giant medicine cabinet. The mirror glides on ball-bearing drawer slides to open and close the cabinet. When the mirror is in place, it is not visible that there is a cabinet behind it.

How to choose a bathroom mirror?

Choose a mirror that also functions as bathroom organization, such as this one with space-saving drawers that pull out sideways. The functional storage works as a medicine cabinet without having to be inset between wall studs. Adjustable shelves with guard rails easily stow slim lotions and perfumes.

Can a Murphy desk be used as a bathroom mirror?

Murphy Desk If you want to have a work area but don't want a full-size table, a Murphy desk is your ideal solution. Just fold it up against the wall when you're not using it and pull it down once you'll start working. 5.
