How do you get a bag back in a supermarket?

There might be some lockers and a guard in front of the supermarket. You have to give your bag to the guard and they will put it into a locker, lock it and give the key to you. You then just go into the supermarket barehanded. When you get out the the supermarket, you give the key to the guard and he gives the bag back to you.

Underwear that separates balls via a pouch is designed to take your low-hanging fruits and hold them up for you. As you go about your day, your balls are properly supported every time. 2. No more riding up. Since your package is properly ...
