

# Current Status of Foreign Solar Power Stations

What is the global solar power tracker?

The Global Solar Power Tracker is a worldwide dataset of utility-scale solar photovoltaic (PV) and solar thermal facilities. It covers all operating solar farm phases with capacities of 1 megawatt (MW) or more and all announced, pre-construction, construction, and shelved projects with capacities greater than 20 MW.

How much solar energy will China generate by 2040?

Given the country's geographic location advantage and the high potential for generating electricity from solar energy, its generation capacity is expected to increase from the current 1.2% of the total 23 GW to at least 3.5% of the total 43 GW generating capacity by 2040.

How much solar energy is installed in 2023?

The Solar Energy Industries Association, which has different definitions of "placed-in-service," reported 40.3 GW of PV installed in 2023, 186.5 GW dc cumulative. The United States installed approximately 26 GW-hours (GWh)/8.8 GW ac of energy storage onto the electric grid in 2023, up 34% y/y.

How many MW is a solar power plant in the UK?

The latest government figures indicate UK solar photovoltaic (PV) generation capacity has reached 12,404 MW in December 2017. Sarnia Photovoltaic Power Plant near Sarnia, Ontario, was in September 2010 the world's largest photovoltaic plant with an installed capacity of 80 MW p. until surpassed by a plant in China.

Is Germany a good country to install photovoltaic solar?

Germany is among the top-4 ranked countries in terms of installed photovoltaic solar capacity. The overall capacity has reached 42.98 gigawatts (GW) by the end of 2017. Photovoltaics contribute almost 6% to the national electricity demands. Germany has seen an outstanding period of photovoltaic installations from 2010 until 2012.

Does SEIA report solar project capacity figures in AC units?

Note: SEIA reports project capacity figures in AC units when available. SEIA makes major solar project data available to the public through the map below. SEIA members have exclusive access to the list as a sortable, searchable MS Excel file that is updated monthly.
