

Deye Technology Photovoltaic Inverter

Who makes Deye solar inverters?

Deye is a leading manufacturer of solar inverters, batteries, air conditioners, and dehumidifiers. Our innovative products include single and three phase string inverters, hybrid inverters, low and high voltage solar storage batteries, hybrid AC/DC and DC48V solar air conditioners, home and industrial dehumidifiers.

Who is Ningbo Deye inverter?

Factory cover over 15,000m²; and complete production and testing equipment, Deye has become a major player in the global solar inverter market. Ningbo Deye Inverter Technology Co., Ltd. is dedicated to providing complete photovoltaic power system solutions, including residential and commercial power plants solutions.

Are Deye inverters good?

Aditech Solar Green Technologies "I used Deye Inverters and Batteries in all my solar projects from last few years, The product quality is consistently outstanding, exceeding my expectations every time." "I was completely impressed with their product performance and customer service.

Is Deye a publicly traded company?

Deye, established in 2007, is a wholly-owned subsidiary of the publicly traded Deye Group. Deye is dedicated to delivering reliable inverter solutions for residential and commercial photovoltaic power stations and energy storage systems, encompassing 1.5kW-136kW string grid-tied inverters, 3kW-50kW hybrid inverters, and 300W-2.2kW microinverters.

What is a Deye Sun 10-15 k-g05-lv solar inverter?

The Deye SUN- (10-15)K-G05-LV is a high-performance three-phase string inverter designed for residential and commercial solar applications. This robust inverter offers an impressive combination of efficiency, reliability, and smart features, ensuring optimal energy generation and smooth integration into your grid.

How good is Deye hybrid inverter & battery?

The performance of the Deye Hybrid Inverter and Battery is excellent, affordable price, has a wide range of products and output voltage range, string intelligent monitoring, many MPPT trackers, and maximum efficiency of up to 98.8%. It is only 5 inches thick so it is compact and handy enough to carry without any difficulty.

The Deye SUN-(10-15)K-G05-LV is a high-performance three-phase string inverter designed for residential and commercial solar applications. This robust inverter offers an impressive combination of efficiency, reliability, and smart ...
