

# GCL Photovoltaic Domestic Sales Panel

What is GCL's solar panel division?

GCL's Solar Panel Division is GCL System Integration Technology Co. In order to facilitate developing solar panel manufacturing capacity, and possibly to make it easier to cover up their mistake if it doesn't work out, GCL created GCL System Integration Technology Co.

Is GCL a good solar panel manufacturer?

While GCL has been producing silicon for solar cells for over 20 years, they are a relative newcomer to solar panel manufacturing. They are recognized as a tier one manufacturer. GCL produces panels with an industry standard 10 year product warranty and either a 25 or 30 year performance warranty.

Who is GCL solar energy?

The agreement specifies that GCL Group's subsidiary, Kunshan GCL Solar Energy Materials Co., Ltd. (referred to as "GCL Solar Energy"), will build 2 gigawatt-scale perovskite production lines in Kunshan in two phases. At 10:58 in the morning, the groundbreaking ceremony officially commenced.

Who is financing GCL solar energy?

Currently, investment institutions such as Cathay Capital, Kunshan High-tech, Contemporary Amperex Technology (CATL), Tencent, IDG Capital, Sequoia China, and Temasek have participated in multiple rounds of financing for GCL Solar Energy. Data speaks volumes.

What does GCL do?

GCL targets at making PV-generated electricity affordable and inclusive for the public by its constant technology innovations in polysilicon, silicon wafers, cells, modules, system integration and photovoltaic power plants, continuous improvement of its management, regional layout and green energy certification systems.

How efficient is GCL solar energy?

On November 23rd, the official test report issued by the China National Institute of Metrology after authoritative certification showed that GCL Solar Energy's 1 meter  $\times$  2 meters perovskite module broke through the industry ceiling, achieving a photoelectric conversion efficiency of 18.04%, setting a new world record.
