

Gcl brand photovoltaic panels

Is GCL a reliable solar company?

GCL is a solar company that owns a 51% share in One Stop Warehouse and has been supplying solar panels since 2013. Although GCL has had issues with its solar panels in the past, the company has since improved its products, which are now considered better than the previous ones. GCL produces 4 types of solar cells including poly, mono, half-cell, and bifacial.

Does GCL have a warranty for their solar panels?

GCL solar panels come with a product warranty of 12 years and a linear performance warranty of 25 years and 30 years for some models. Their warranty meets and surpasses the industry standard, making these panels a reliable choice.

What are GCL bifacial monocrystalline solar panels?

GCL's bifacial monocrystalline solar panels are the most powerful panels they offer. They have the same power output as the mono series, and their technology makes them ideal for those seeking optimum power production.

How efficient are GCL solar modules?

It was said in November that its 1 m x 2 m perovskite single-junction modules had reached a power conversion efficiency of 18.04%. GCL Group has signed an investment agreement with the government of Suzhou, Jiangsu province, to build a 2 GW perovskite solar module factory.

Does GCL-Si have a 320 W perovskite solar module?

GCL-SI has launched a new 320 W perovskite solar module. The company guarantees that the 10-year end power output will be at least 90% of the nominal output power, which decreases to 80% after 25 years. GCL System Integration (GCL-SI), the PV panel unit of GCL Group, unveiled a perovskite solar module at the SNEC trade show in Shanghai in May.

Where does GCL-Si manufacture solar perovskite?

GCL-SI already operates a 10 MW perovskite production line in Suzhou since 2019, and currently runs a 100 MW line with plans for further scaling to 1 GW. In the solar perovskite business, the manufacturer operates through its subsidiaries Kunshan GCL Photoelectric Materials Co., Ltd. and Suzhou GCL Nano Technology Co., Ltd.
