How to store leather belts on a hook in a room?

1. Check the rooms' condition While storing belts on a hook in a room, the first and foremost thing is to make sure that the room is not too dry or too moist. If the room is dry, leather belts will develop cracks. On the other hand, if the room or wardrobe is moist, the leather will become too stretchy to spoil the belt's look.

Can veg tanned leather be used for belts?

Since I want to make a classic belt, and veg-tanned leather is excellent for belts and straps, that was my choice. It is available in full or partial hide sizes (the entire hides from an animal). These can be cut down into belt straps. It is also available in pre-cut straps. Yes! This is the way to go.

How do you hang a belt on a closet rod?

Try a closet rod belt organizer to hang belts among your clothes. These belt racks look somewhat like regular clothes hangers, but with many small hooks or pegs attached to hang multiple belts on them. Simply hang these on your closet rod by the large hook on top, then hang up your belts by the buckles.
