

Is photovoltaic solar panel power generation a scam

Are free solar panels a scam?

Know that "free" or "no cost" solar panel offers are scams. The federal government does not install solar systems in homes for free. If you're considering whether solar energy is right for you, check out the Department of Energy's guide for homeowners and learn more. Or check out the Department of Treasury's guidance on clean energy.

What is a solar energy scam?

The scams vary, but here's the gist: someone claiming to be with the government or your utility company promises big savings on your utility bills from solar energy or other home improvements designed to increase energy efficiency. If you agree to the scammer's offer, it could cost you tens of thousands of dollars.

How do you know if a solar system is a scam?

Ask for a list of satisfied customers and look at customer reviews online. Know that the government won't offer you free solar. The federal government does not install residential solar panels for free; if someone is claiming otherwise, it's probably a scam. If it seems too good to be true, it probably is.

Do Americans get free solar panels?

American homeowners might be eligible for federal tax credits for solar installations or state subsidies for solar energy, but not free panels. The U.S. government does not provide free solar panels, said a U.S. Department of Energy spokesperson. The department urges people to report scams to the .

What if my company offers solar energy?

If your company offers solar energy, remember that claims must not only be truthful, but also comply with established consumer protection laws, including the FTC Act and the FTC's new Impersonation Rule. Be truthful. Every clean energy company has a responsibility to be honest and upfront with consumers. Be transparent about what you're offering.

Are home solar panels a good idea?

Home solar panels can help some households save money on energy-- but be careful if a solar panel salesperson knocks on your door or calls without warning. There are plenty of reputable companies who can install solar panels or help you make other clean energy improvements to your home.

These scams start with an unexpected phone call, message on social, or even an in-person visit. The so-called official offers you an "energy audit" to reduce your utility costs. Or they might try to sign you up for a "free" program to make your ...
