

Lithium battery energy storage product export ranking

Which country has the best lithium-ion battery supply chain?

Canada has claimed the top spot among 30 countries in BloombergNEF's latest global lithium-ion battery supply chain ranking. The ranking, now in its fourth edition, looks at each country's potential to build a secure, reliable and sustainable supply chain for lithium-ion batteries.

Is lithium-ion battery manufacturing sustainable?

While not everyone values sustainability when it comes to lithium-ion battery manufacturing, automakers have increasingly high standards for the carbon footprint of battery cells. Most resource-rich countries rank lower in the supply chain ranking as they generally lack a domestic battery supply chain and battery demand.

What is the lithium-ion battery market database?

Database contains the global lithium-ion battery market supply and demand analysis, focusing on the cell segment in the ESS sector. We compile detailed data on various businesses' capacity, production, and shipments, as well as segmenting the market applications such as FTM, BTM-C&I, and BTM-Residential.

Which countries export lithium ion batteries?

Year over year, revenues from exported lithium ion batteries slowed to a 1.7% gain from in 2022 compared to \$3.21 billion during 2021. The 5 biggest exporters of lithium batteries are the United States of America, mainland China, Singapore, Hong Kong and Indonesia.

How did lithium ion batteries exports perform in 2022?

The overall value of lithium ion batteries exports increased by an average 13.4% for all exporting countries since 2018 when lithium ion batteries shipments were valued at \$2.88 billion. Year over year, revenues from exported lithium ion batteries slowed to a 1.7% gain from in 2022 compared to \$3.21 billion during 2021.

Which countries incurred a triple digit deficit in lithium ion batteries?

Malaysia: -US\$214.1 million (net export deficit up 12.7% since 2021) Malaysia and Mexico incurred the triple-digit million dollar deficits in the international trade of lithium ion batteries.

Bali, November 12, 2022 - China continues to dominate BloombergNEF's (BNEF) global lithium-ion battery supply chain ranking, for the third time in a row, for both 2022 and its projection for 2027, thanks to continued support for the electric ...
