How do I get a Midea warranty?

Warranty service must be obtained from Midea Consumer Services or an authorized Midea service center. o One Year Limited Warranty from original purchase date. Five Year Limited Sealed System Warranty (includes components containing refrigerant) from original purchase date. Three Year Limited Compressor Warranty from original purchase date.

How do you clamp a solar array?

Then select an end-clamp and mid clamp or a cap strip to hold the panels down. End clamps install on the outer edges of the array, and mid clamps install between columns of panels. A cap strip is an alternative that functions as a clamp, but gives a sleeker look for the array as a unit.

What clamps do I need to install solar panels?

Top-mount clamps are the most common attachment method, and support modules between 1.9" and just over 2.0". Know the thickness of your modules and pick the corresponding end clamps, mid clamps or cap strips for the finishing part of the install. SolarTown offers all the necessary clamps or cap strips to support your installation.
