

# Photovoltaic module bracket bidding announcement

When is PV moduletech USA?

PV Tech has been running PV ModuleTech Conferences since 2017. PV ModuleTech USA, on 21-22 May 2024, will be our third PV ModuleTech conference dedicated to the U.S. utility scale solar sector.

What is PV moduletech Europe 2024?

PV ModuleTech Europe 2024 is a two-day conference that tackles these challenges directly, with an agenda that addresses all aspects of module supplier selection; product availability, technology offerings, traceability of supply-chain, factory auditing, module testing and reliability, and company bankability.

Will US PV module assembly lines rely on imported cells?

Domestic module assembly lines will have to depend on imported cells as capacity announcements are far under modules. Image: Port Houston. US PV system developers have experienced increasingly serious challenges in module procurement since mid-2020.

How much does the bipartisan infrastructure law help improve PV sustainability?

Improving PV Sustainability DOE announced the selection of four research and development projects to receive \$16 million, including \$8 million from the Bipartisan Infrastructure Law, aimed at reducing the costs and impacts of solar energy technologies.
