

Photovoltaic panel enterprise suspension announcement

Did Biden remove the bifacial solar panel exemption?

From pv magazine USA The Biden Administration has released a fact sheet detailing multiple solar panel related policies, including the removal of the bifacial solar panel exemption. This exemption previously allowed certain solar panels to bypass the Trump-era 15% tariff.

Will Biden veto tariffs on solar panels?

WASHINGTON, May 3 (Reuters) - The U.S. Senate on Wednesday voted to repeal President Joe Biden's suspension of tariffs on solar panels from four Southeast Asian nations, a measure aimed at supporting the small domestic manufacturing industry. Biden has vowed to veto the legislation, which passed the House of Representatives last week.

Will Biden declare a 24-month tariff exemption for solar panels?

REUTERS/Elizabeth Frantz Purchase Licensing Rights WASHINGTON, June 5 (Reuters) - President Joe Biden will declare a 24-month tariff exemption on Monday for solar panels from four Southeast Asian nations after an investigation froze imports and stalled projects in the United States, sources familiar with the matter told Reuters.

Will a Trump-era solar tariff be reinstated?

This exemption previously allowed certain solar panels to bypass the Trump-era 15% tariff. The reinstatement of this tariff is expected to increase the cost of commercial, industrial, and utility-scale solar projects by 1% to 2%. White House Fact Sheet

What will the US government do if imported solar panels exceed quota?

The Administration will closely monitor the level of imported solar cells used to manufacture panels in the U.S. and will work to raise the quota by 7.5-gigawatts if imports approach the current quota level, to ensure domestic module manufacturing continues to grow while manufacturers scale production throughout the supply chain.
