

Photovoltaic panel repair nearby

Can solar panels be repaired?

Yes, solar panels can be repaired depending on the type of damage, but it's typically better to replace the damaged panels. Our Service Department can inspect your system to see whether the fix can happen on-site.

Does Freedom solar repair or repair a solar system?

No matter who installed your solar PV system, or what model it is - Freedom Solar can maintain, repair and upgrade any system for maximum energy production and efficiency: Freedom Solar employs a full-time staff of solar experts. If you have a question about your system or need maintenance, request service below!

How do I know if my solar panel is broken?

The most reliable way for you to know if your solar panel is broken is to check their energy output during the day and see whether it's less than normal. Lower output indicates something isn't working properly. You can connect with our Service Department to get a monitoring report for your system. What happens if a solar panel cracks?

Can You pressure wash solar panels?

No, you should not pressure wash your solar panels. Pressure washers are great for cleaning the exterior of your home, such as the gutters, roof and driveway, but they run the risk of damaging your panels. It's best to find a safer alternative such as a hose or a low-pressure sprayer for cleaning your panels.

How often do solar panels need to be cleaned?

Solar panels require minimal maintenance throughout their life cycle because they don't have any moving parts. However, periodic cleaning every year may help your panels maintain optimal output. This usually entails washing away any buildup of dirt, debris, leaves, and other matter. How often do solar panels need to be repaired?

Read more about solar panel systems. 24/7 Emergency plumbing service also available. Perth's Solar Repairs company work with only experienced plumbers to fast and efficiently identify and solve leaking issues (from detection to repair), ...
