

Photovoltaic solar panel promotion scam

Are free solar panels a scam?

Know that "free" or "no cost" solar panel offers are scams. The federal government does not install solar systems in homes for free. If you're considering whether solar energy is right for you, check out the Department of Energy's guide for homeowners and learn more. Or check out the Department of Treasury's guidance on clean energy.

What is a solar energy scam?

The scams vary, but here's the gist: someone claiming to be with the government or your utility company promises big savings on your utility bills from solar energy or other home improvements designed to increase energy efficiency. If you agree to the scammer's offer, it could cost you tens of thousands of dollars.

Are solar panel scams common in Florida and California?

Solar panel scams in Florida and California are quite common, as they are in any region where solar energy is popular and incentives are provided. Scammers take advantage of people's limited knowledge about solar systems, providing misleading information that makes it hard for victims to recognize the scam.

Do Americans get free solar panels?

American homeowners might be eligible for federal tax credits for solar installations or state subsidies for solar energy, but not free panels. The U.S. government does not provide free solar panels, said a U.S. Department of Energy spokesperson. The department urges people to report scams to the .

How do you identify a solar panel company to avoid scams?

These tactics may include persistent calls, scare tactics, door-to-door visits, or making unfounded claims about solar benefits. Companies employing such methods prioritize sales over delivering quality service. These are the red flags to identify solar panel companies to avoid scams.
