What is the eSpire mini energy storage system?

The eSpire Mini Energy storage system is a fully integrated, pre-configured turnkey solution for Large Residential and Light Commercial Projects (3Ph 208/480Vac @60Hz). The eSpire Mini has numerous applications such as Microgrid, backup, off-grid peak shaving, time of use, self supply, demand response and Virtual Power Plant (VPP).

Are battery storage cabinets safe?

Without the right separation, climate, and safety measures in place, storing batteries on-site poses a dormant but potentially expensive and devastating threat to your work environment. CellBlock Battery Storage Cabinets are a superior solution for the safe storage of lithium-ion batteries and devices containing them.

What are cellblock battery storage cabinets?

CellBlock Battery Storage Cabinets are a superior solution for the safe storage of lithium-ion batteries and devices containing them. Our practical, durable cabinets are manufactured from aluminum, and lined with CellBlock's Fire Containment Panels.

What is a battery energy storage system (BESS)?

The comprehensive safety concept secures batteries, inverters and HVAC systems with advanced fire and explosion protection, detecting smoke and explosive gases. The battery energy storage system (BESS) can function as a black start unit, enabling autonomous grid formation without auxiliary voltage.

Our full line of enclosures includes concrete, steel, and purpose-built ISO type container options in a wide range of sizes and storage capabilities. Explore our prefabricated enclosures and inquire about customization capabilities to find ...
