

Saddle plate photovoltaic bracket solution

What is the best solar panel mounting system for metal roofs?

S-5! ProteaBracket for Trapezoidal Metal Roof Solar Panel Mounting ProteaBracket (TM) when combined with solar panel mounting rails or the S-5 PV Kit, is a versatile PV mounting solution for exposed-fastened metal roofs. It fits most trapezoidal sheet metal roof profiles with and without intermediate insulation.

What types of roof mounting systems are suitable for IBC Solar?

IBC SOLAR photovoltaic mounting systems are suitable for pitched roof and flat roof installation. For the respective roof covering such as tile, trapezoidal sheet metal, corrugated eternite, bitumen, foils, green roof or gravel, we offer perfectly matched fixings that guarantee extreme stability.

Does IBC Solar offer on-roof mounting?

IBC SOLAR offers on-roof mounting for uncomplicated photovoltaic installation. It is not only cost-effective, but is also equally suitable for new roofs as well as for existing and renovated roofs. IBC SOLAR photovoltaic mounting systems are suitable for pitched roof and flat roof installation.

What is a protea bracket?

Combined with the S-5-PV Kit, the ProteaBracket is an integrally grounded solar panel mounting solution. Contact us toll-free: (877) 297-0014 for design assistance and wholesale S-5! ProteaBracket prices.

How do you install a protea bracket on a metal roofing panel?

The ProteaBracket is mounted directly onto the crown of the roofing panel, straddling the profile. No surface preparation is necessary. Peel adhesive backing and apply bracket to the metal roofing panel.

How do you attach a PV module to a rail?

Module Clamp: Secures the PV module to the rail. Use four clamps for each Ballast Tray, two on north and south two Ballast Trays. Multiple sizes available depending on thickness of PV module. Wind Deflector: Joins Ballast Trays together into a continuous structural member. Distributes and reduces loading on roof structure.

By choosing SOEASY Company, customers gain access to photovoltaic bracket solutions that are both experienced and technically professional. Our company boasts an in-house manufacturing facility and a dedicated R&D design team, ...
