

A power purchase agreement is a frequently-used type of contract that allows a customer - such as a local, state, or tribal government - to access solar electricity without paying the upfront costs of installing the solar project. A third-party ...

At the same time, we're utilising solar power to harness nature's resources and deliver clean, renewable power to the population. We develop, construct, and operate solar photovoltaic (PV) and battery storage systems, and we currently have ...
