

Solar Power Panel Company Registration

Can a company sell a solar panel system without a license?

However, a company can sell a solar panel system without holding an electrical license, as contractor licensing requirements only apply to installations, repairs, and other alterations to the system itself. Ideal Cities in Texas for Solar Energy Systems

What is the National Solar licensing database?

With the tremendous growth of solar installations and the continuing evolution of licensing requirements for photovoltaic and solar installers, IREC's National Solar Licensing Database provides information and references to the licensing, certification, and other requirements impacting the solar industry.

Who needs solar licensing information?

This comprehensive tool is designed for policymakers, stakeholders, practitioners, students, consumers, and anyone looking for solar licensing information in the United States. States establish licensing requirements for contractors to protect consumers from unsafe practices and to ensure systems are installed properly.

Do you need a permit to install solar panels?

Generally, local governments require a homeowner's solar installer/contractor to obtain a permit for rooftop panels before they can be installed. After the PV system is installed, a professional from the local government will inspect the new array to ensure all building, electrical, and safety codes have been followed.

What is IREC's National Solar licensing database?

IREC builds the foundation for a 100% clean energy future. IREC's National Solar Licensing Database provides the latest licensing, certification, and other requirements impacting the solar industry.

Do solar installers need a license?

Solar photovoltaic (PV) systems must adhere to the National Electrical Code (NEC), so a solid foundation in electrical knowledge is essential for solar installers. If your solar installation company operates in numerous states, it's essential to have the proper solar contractor licenses to work legally in the given state.
