

Solar grid-connected power generation franchise fee

How much does it cost to buy a Solar Grid franchise?

To buy a franchise with Solar Grids, you'll need to have at least liquid capital of \$50,000. Franchisees can expect to make a total investment of \$50,000 - \$93,500. They also offer a discount for veterans (10%).

*What does Liquid Capital mean? What does Total Investment mean?

Why should I become a Solar Grids® franchisee?

When you become a Solar Grids® franchisee, you'll become a member of a solar expert community. You'll have access to a team of professionals who care about helping you become incredibly successful. Our vast amount of tools and resources gives you everything you need to become a successful solar business owner. Why choose solar energy for your new business?

How can I become a solar energy business owner?

To become a solar energy business owner with Solar Grids, you don't need any technical degrees, professional licenses, or a solar energy background. All it takes is ambition and determination. Why choose Solar Grids? You will receive a territory population of 500,000, which is larger than what competitors offer (200,000 - 250,000).

Should you start a solar business?

Starting a solar business through Solar Grids offers multiple streams of income and additional cash-flow. Franchisees can earn extra money not only by selling solar or installing systems, but also by referring investors or investing themselves as a Power Partner, receiving passive monthly payments for 25 years.

Does a solar system produce more energy than a home/business needs?

At times, the solar or renewable system will produce more energy than the home/business needs. At other times the home/business will need to draw electricity from Idaho Power. Alternatively, a system can be designed as "non-export" to prevent excess energy from flowing to the grid.

Does a new generation system need to be metered separately?

The added generation system (i.e. both the new panels and associated inverters) must be metered separately from the Legacy system to retain Legacy status for the existing system.
