

Where are supports solar steel products available?

Since 2014 Suports has its own Mexican branch ,SUPTS ENERGÍA SUSTENTABLE SAPI de CV and since 2018 together with Gonvarri Colombia and Gonvarri Çepas our products are available in Colombia and Turkeyrespectively. Gonvarri Solar Steel carries out large-scale ground-mounted photovoltaic projects.

Who are solar steel & imports?

Solar Steel and Suports are the two companies in the group dedicated to designing and supplying ad hoc photovoltaic solutions for each type of project. We design and supply solar trackers and fixed structures for the solar photovoltaic sector with global design, manufacturing and supply capabilities.

What are solar support structures?

Solar support structures are an optimal solution for various applications such as parking garages,solar farms,carports,canopies,charging stations,ground mounts,and roof mounts at Nucor Buildings Group. Our projects range from highly architectural solar canopies to large institutional,commercial and utility scale solar installations.

Who are solar steel?

Solar Steel are manufacturers of steel modular ballasted support systems for commercial PV and Thermal collector project installations. We supply support systems for Landscape and Portrait installations in any configuration. All of our materials are UK only sourced to provide the highest quality systems along with unbeatable 15 year guarantees.

What makes supports a leader in the solar industry?

The trajectory of Suports in the sector for more than 17 years,combined with its engineering capabilities and organizational strength,positions it as a leader in the solar industry. Suports is a brand within Solar Steel,solar division of Gonvarri Industries.

Are ground mounting steel frames suitable for PV solar power plant projects?

In the photovoltaic (PV) solar power plant projects, PV solar panel (SP) support structure is one of the main elements and limited numerical studies exist on PVSP ground mounting steel frames to be a research gap that has not be addressed adequately in the literature.

Our high-quality steel profiles provide excellent support for steel roof structures, creating a solid foundation for solar panel installation. Whether flat roofs, sloping roofs or carports, our profiles for solar panels are engineered to ensure ...
