

Suntech all black monocrystalline photovoltaic panel

Are Suntech Solar panels a good choice?

Suntech Solar Panels was listed as a top performer for 5 performance tests (thermal cycling, damp heat, mechanical stress sequence, PID, LID+LETID) in the latest report for their mono-facial double glass residential solar panel (STPXXXS-C54/Nshkm+). This was their only residentially-sized model that performed this highly.

Why should you choose Suntech Power stp365s-b60 solar panel?

Suntech Power's STP 365S-B60 solar panel boasts a high efficiency of 20%. This is achieved through the use of half-cut cell technology, which grants the panel lower resistive losses and better shade tolerance. Each of the panel's 120 cells is only half the size of a traditional solar cell.

Who is Suntech Solar?

Suntech is a solar manufacturer with over 20 years of "rollercoaster-like" history in the solar industry. Suntech was the biggest solar panel manufacturer in the early 2000s and played a leadership role in developing new manufacturing technologies to get to incredible scale.

How much power does a Suntech Power Panel provide?

This Suntech Power panel provides 365 Watts of power at 20% efficiency. High energy production levels are achieved through the usage of the latest advances in the solar industry, including PERC technology and state-of-the-art antireflective coating. An efficient panel yields more per square foot and pays for itself faster.

How many solar panels does Suntech have in Australia?

Suntech currently has 108 solar panels approved by the Clean Energy Council in Australia under the name "Wuxi Suntech Power Co Ltd". This is a requirement to be eligible for the federal STC solar rebate. Currently, in Australia Suntech offers one main series for the residential market which has a few different variants for customers to choose from.

What is the warranty offered by Suntech Power?

Suntech Power offers a product warranty of 12 years and guarantees that the panel will maintain 84.8% of its original performance after 25 years of operation. The Suntech 365W Solar Panel 120 Cell STP 365 S - B60/Wnhb has a cell surface, back foil, and frame that are completely black, giving the model unrivaled aesthetics. It provides 365 W power at 20% efficiency.
