

The trademark of LONGi 405 photovoltaic panel

What is a Longi Hi-mo 5 perc 405 watt solar panel?

The LONGi Hi-MO 5 PERC 405 Wp full Black solar panel has a maximum performance of 405 watts with an efficiency of 20.7%. The panel is also capable of producing efficient power at lower tilt angles than standard panels. It is designed to provide high performance and excellent reliability.

What is a Longi Hi-mo 5 405w fullblack solar module?

The LONGi Hi-MO 5 405W Fullblack solar module combines aesthetic design with top performance, ideal for those who value both visual elegance and high energy efficiency. With a 25-year performance guarantee and a 12-year product guarantee, LONGi Solar offers investment security and confidence in the longevity of its solar modules.

What is Longi Hi-mo 5m 54hih-405m solar module?

The LONGi HI-MO 5m 54HIH-405M solar module is built on the well-established half-cell technology. With an output of 405 Wp, this module has a height of 1722 mm and a width of 1134 mm. Based on these key data, it is ideal in home and commercial applications. LONGi Solar is one of the leading manufacturers of high efficiency solar cells and modules.

What is Longi Hi-mo 5 405 WP warranty?

The LONGi Hi-MO 5 405 Wp panels come with a 12-year factory guarantee and a 25-year performance guarantee. LONGi Hi-MO 5 Features: As a Tier 1 supplier, LONGi has been producing innovative, high-quality panels since 2000. The brand sets global trends in new cell technologies and offers an outstanding performance guarantee.

Are LONGi Solar modules PFAS-free?

PFAS-free production: PFAS chemicals are widely used due to their water and grease repellent properties, but can be harmful to both the environment and our health. The PFAS-free label indicates that LONGi manufactures its solar modules without PFAS.
