

Where to buy photovoltaic panels in the community

Can you buy solar panels from a wholesale reseller?

Wholesale resellers sell equipment online to consumers looking to go solar. While labeled as "wholesale," these items will still typically include a markup so that the company selling the product will make a profit. It's currently not possible for consumers to purchase wholesale solar panels directly from panel manufacturers.

Should I subscribe to a local community solar farm?

When you subscribe to a local community solar farm, you reap the benefits of solar energy without any equipment. We explain how to decide if it's right for you. Read the top guides and articles from our expert editorial team. Written by: Kerry Thoubboron, Casey McDevitt | Nov 29, 2023

Why should you choose a local solar installer?

A local solar installer will usually be able to offer you more personalized service, more affordable prices and more intimate knowledge of local solar incentives and policies. Ultimately, this could end up saving you more or helping you get more value out of your system.
